Joe Teo, CFO Corporate Sec'y Starting this month, we are providing you with brief news about the progress of our bank. For our clients, please come and see us anytime and bring your friends too. For our investors who have not yet had an opportunity, we welcome your coming in as soon as you can. Try our services for yourself!

We are happy to inform all of you that we passed our milestone of \$30 million in deposits as of June 3rd. This is remarkable, since we opened on December 27<sup>th</sup> and, as of January 25<sup>th</sup>, had \$2 million in deposits. While we always wish to provide attractive deposit rates, this is an indication of our devotion to excellent customer service.

Also, our loans are increasing as well. Our most valuable asset, our employees, are fifteen and growing.

This month we have launched our new deposit product: **FlexChecking**. This is an exceptional account service providing flexibility for those of you who are busy and do not tend to have the time or focus to operate our regular checking and money market product line on an efficient basis. A copy of our announcement flyer is included with this newsletter, along with a copy of our recent newspaper ad in the Chinese press for our loan services. Look for more media coverage.

We have already rolled out our **C**-banking and also our Remote Deposit products. Also, for your convenience, we are providing combined account statements for our checking and money market depositors, starting with the statements at the end of July.

We are passionate about providing exceptional business and professional services and will continue to provide advantageous products, supporting Your Pathway To Success!

Again, please come see us.

Sincerely,

Robert B. Oehler President and CEO
